Driving

Rain is running down the windscreen
Radio says it's 4 a.m.
We haven't talked for the last three hours
Maybe words wouldn't change anything
And I remember how we used to take a ride
When our love began
Sweet memories forces tears to my eyes
Can't believe that's how it's meant to end

0:39

Oh driving driving with you through the night
Oh driving and try to put things right
Oh driving driving with you through the night
Oh driving and try to put things right

1:21

This lonely road seems to have no end
Maybe the sun won't rise today
Your eyes don't answer my glance at you
Have we lost each other on the way

(Uhhhhhuhhhh)

Don't you remember how we used to take a ride
when our love began

(Uhhhhhuhhhh)

Oh baby I'm sure that we can find the right way home
And give this love a second chance

Oh driving driving with you through the night
Oh driving and try to put things right
Oh driving driving with you through the night
Oh driving and try to put things right

Oh, oh...

Don't you remember how we used to take a ride
When our love began

Stand: 22.05.2025

Oh baby I'm sure that we can find the right way home
Give this love a second chance

2:44

Oh driving driving with you through the night
Oh driving and try to put things right
Oh driving driving with you through the night
Oh driving and try to put things right

Oh yeah
Driving, yeah yeah
Driving, yeah
Driving, yeah, yeah
Ohh Driving
Ohh Driving
Ohh Driving
Ohh Driving
Oh yeah
Driving, yeah yeah
Driving, yeah
Driving, yeah yeah
Driving...
